## ABOUT ME

I am a creative, self-motivated, reliable, responsible, and hard-working person. Recent graduate in Ceramic Engineering with a strong academic foundation in materials science, ceramic processing, and quality control. Knowledgeable in raw material selection, kiln operations, and testing of ceramic products. A fast learner with strong analytical skills, a hands-on approach, and a commitment to safety and teamwork. Looking forward to applying theoretical knowledge in a practical, growth-oriented environment.

Alongside my studies, I have been actively involved in various social and environmentally friendly activities.

I have worked as a dedicated volunteer of Bangladesh Scouts and also served as the Rover Mate of the Bangladesh Institute of Glass and Ceramics Rover Scout Group. In addition, I am an active member of the environmental volunteer organization Mission Green Bangladesh.
