2. Approval of the 16th Annual General Meeting minutes;
3. Handout of the Annual Report of the Association;
4. Handout of the Audited Statements of the fiscal year 2023-24;
5. Appointment of Auditor and determination of the remuneration for the fiscal year 2024-25;
6. Other discussions permitted by the President (Acting) of the Association.

Discussions:

◆ At the beginning of the meeting, deep respect was paid to the martyrs of the July Revolution led by the anti-discrimination student-public movement, and prayers were offered for the eternal peace of their departed souls. Prayers were also offered for the speedy recovery of those who were injured during the movement.

The President (Acting) of the Association, Mr. Moynul Islam, welcomed all members present at the meeting and formally commenced the proceedings in accordance with the agenda. In his welcome address, the Honorable President (Acting) expressed his special thanks and gratitude to the Board and members for entrusting him with the responsibility of Acting President in the interest of safeguarding the ceramic industry.

◆ With the permission of the Honorable Chair, the Executive Secretary of the Association, Mr. Zahedi Hassan Chowdhury, presented the proceedings of the 16th Annual General Meeting, which, after due discussion, were unanimously approved.

◆ The Association's General Secretary, Mr. Irfan Uddin, presented the Annual Report and the Audited Financial Statements for the financial year 2023-24. The members present discussed the matter in detail and unanimously expressed their consent to approve the Annual Report and the Audited Financial Statements.

◆ Mr. Irfan Uddin also placed a proposal before the meeting regarding the appointment of auditors and fixation of their remuneration for the financial year 2024-25. Out of three quotations received from 03 audit firms, the members unanimously agreed to appoint the lowest bidder, Chartered Accountants Sarder Morshed & Co., as the auditor for the financial year 2024-25 at an annual fee of BDT 50,000/- (Taka Fifty Thousand only excluding VAT).

Miscellaneous discussion:

A. During the discussions, the President informed all present members that the Association will organize the 4th International Ceramic Fair, "Ceramic Expo Bangladesh-2025," on a larger scale from November 27-30, 2025 for four days at the Expo Zone, International Convention City Bashundhara (ICCB), Kuril, Dhaka. He encouraged all members to participate and extend their support for the successful execution of the event.

B. The General Secretary presented the future action plan of the sector development committee. He stated that, with requisite government support, the ceramics sector will be able to make a significant contribution to the national economy. The meeting discussed and unanimously approved measures aligned with evolving demands, including amendment of the Memorandum and Articles of Association as required, fundraising, publication of magazines and other materials, engagement of consultants for projects, and comprehensive branding initiatives for the sector.

Decisions of the Meeting

1. The minutes of the Association's 16th Annual General Meeting, the Annual Report of the previous year, and the Audited Financial Statements for the financial year 2023-24 were unanimously approved and adopted.

2. Chartered Accountants Sarder Morshed & Co. as the auditor of the Association for the financial year 2024-25 at an annual fee of BDT 50,000/- (Taka Fifty Thousand only excluding VAT).

3. On behalf of the Association, it was decided to organize the International Ceramic Fair "**Ceramic Expo Bangladesh-2025**" for four (4) days, from 27-30 November 2025, at the Expo Zone of the International Convention City Bashundhara (ICCB), Kuril, Dhaka.

4. It was decided to formulate policy support and amend BCMEA's Memorandum and Articles of Association rules if necessary for the need of the Association.

5. To strengthen the branding and promotion of the ceramic sector, the following actions were unanimously approved:

- A.** To promote the ceramic industry at the local level, BCMEA will organize a Ceramic Expo in February 2025 at the International Convention Center, Chattogram.
- B.** The BCMEA-published "Ceramic Bangladesh Magazine" will be published regularly as a news and information platform for the ceramic and related sectors, with six (06) issues per year. If necessary, the name of the magazine may be revised to ensure alignment with other relevant sectors and to enhance its wider promotion.
- C.** The Association will arrange seminars as well as corporate Football Cricket tournaments as part of its engagement and promotional activities.
- D.** For sector branding, BCMEA will participate in and remain actively involved with various national and international fairs and events and may also act as an organizer if required.
- E.** In recognition of individuals who have made long-standing contributions to the ceramic sector, BCMEA will introduce and confer awards titled "Sector Contribution Award."

As there being no further business to discuss, the meeting was concluded with a vote of thanks to all present.

Moynul Islam
President, BCMEA

MESSAGE FROM THE PRESIDENT

“Bismillahir Rahmanir Raheem”

Assalamu Alaikum Warahmatullahi Wabarakatuh.

On behalf of Bangladesh Ceramic Manufacturers and Exporters Association (BCMEA), I warmly extend my greetings to all the honourable members, policymakers, and valued stakeholders on the occasion of our 18th Annual General Meeting. Your presence and continued engagement reflect the collective strength and unity of our Association.

I extend my deepest condolences on the passing of Begum Khaleda Zia, a prominent figure in Bangladesh's political history. As the nation's first female Prime Minister and the long-serving Chairperson of the Bangladesh Nationalist Party (BNP), she played a pivotal role in shaping parliamentary democracy and guiding the country through critical phases of political development. Her passing led to widespread national mourning, including state mourning and tributes from political leaders and the diplomatic community, underscoring her enduring influence on Bangladesh's democratic evolution.

I also express my deepest condolences on the demise of Mr. Abdul Nasir, a founding member of BCMEA and Managing Director of Dacca Ceramics & Sanitary Wares Ltd. and Mr. Md. Shamsul Huda Advisor of BCMEA and Managing Director of Greatwall & Charu

Ceramic Ind. Ltd. Their immense contribution for the ceramic sector and for the betterment of BCMEA is undeniable.

I express my sincere condolences on the tragic and untimely passing of Osman Hadi, a dedicated political and cultural activist, whose uncertain death on 15 December 2025 deeply saddened the nation. His dedication to social consciousness, cultural enrichment, and civic responsibility will be remembered with respect and gratitude.

The year 2024 marked a significant chapter in our national journey. The student-led mass movement of July, which concluded on August 5, 2024, reflected the collective demand of the people for accountability, stability, and institutional reform. As we move forward into 2026, I pay deep tribute to the martyrs who sacrificed their lives for the nation, extend heartfelt sympathy to those who were injured, and convey my sincere wishes for their full and speedy recovery. Their courage continues to inspire our shared vision for a more just and resilient Bangladesh.

In this period of national transition, the importance of responsible governance, policy consistency, and economic stability has become increasingly evident. For capital-intensive and export-oriented industries such as ceramics, a clear policy framework and strong institutional support are essential to ensure sustainable growth and global competitiveness.

Esteemed Colleagues,

It is a great honour for me to serve as the President of BCMEA at a time when collaboration among the government, private sector, and development partners is more critical than ever. I gratefully acknowledge the contributions of our past leadership and the trust placed in us by our members, which have enabled the Association to maintain stability despite global economic uncertainty, inflationary pressures, and persistent energy supply challenges.

Valued Members,

The ceramic industry, grounded in Bangladesh's rich tradition of craftsmanship, has demonstrated remarkable resilience and adaptability. However, dependence on imported machinery and high-grade raw materials continues to affect cost

competitiveness. To address these challenges, BCMEA has actively engaged with relevant ministries and regulatory bodies to rationalize import duties, improve customs valuation practices, and promote predictable and industry-friendly policies. Notable progress has been achieved during the year, including favourable assessment considerations for Ball Clay and Alumina Ball. We have also consistently advocated for the recognition of natural gas as a strategic industrial input for the ceramic sector. Ensuring an uninterrupted gas supply, along with long-term exploration of onshore and offshore energy resources, remains critical for protecting industrial productivity and export competitiveness.

Ladies and Gentlemen,

The ceramic sector holds significant potential to contribute to national priorities such as export diversification, employment generation, and industrial value addition. Over the past decade, production and investment in the sector have grown by nearly 150%. Current investment exceeds USD 1,675.08 billion, annual exports stand at approximately USD 53.84 million to more than 50 countries, and nearly five lakh people are employed directly and indirectly. Growing acceptance of Bangladeshi ceramic products in global markets, including China and India, reflects improved quality standards and innovation in design and manufacturing.

The 4th Edition of Ceramic Expo Bangladesh 2025, held from 27-30 November 2025 at the ICCB, Kuril, Dhaka, marked a major milestone for our industry. With strong participation from local and international manufacturers, exporters, machinery and technology providers, and raw material suppliers, the Expo successfully promoted technology exchange, business networking, and showcased Bangladesh's manufacturing capabilities. I sincerely thank all sponsors, partners, exhibitors and visitors whose active participation made

the event a resounding success. Notably, strong foreign participation enhanced global engagement, contributed to the country's GDP growth, enhanced export and industrial expansion, investment interest, and international collaboration. Encouraged by this success, BCMEA is committed to organizing the 5th Edition of Ceramic Expo Bangladesh from 25-27 November in 2027 and warmly invites all stakeholders to make it an even more impactful global platform.

I am also pleased to inform that Ceramic Bangladesh Magazine published by BCMEA has completed 6 years' journey successfully with 19 issues in December and carrying forward the legacy of the magazine with the name Shaping Bangladesh Magazine promising 6 issues each year. To broaden its reach, reflect the contributions of industry leaders across disciplines, and highlight young professionals shaping the nation's future the magazine is playing a significant role.

Currently, Ceramic ISC have signed MoU with ASSET Project. Some of the key achievement of CISC are- they have developed 10 Competency Standard (CS), 2 Competency Based Curriculum (CBC), got approval of 12 STPs from NSDA, 19 RTOs from BTEB and initiated training under ASSET project in 12 factories.

BCMEA is simultaneously developing multiple projects and working proactively for the betterment of the ceramic industry in the near future. With continued policy support, political stability, and constructive public-private collaboration, I firmly believe ceramic exports can increase by USD 1 billion by 2030, positioning the sector as a cornerstone of Bangladesh's industrial economy.

I sincerely thank all members, stakeholders and the BCMEA team for their cooperation, confidence and kind support, and I wish you continued success in future endeavours.

Thank you.

Moynul Islam
President, BCMEA

BCMEA ACTIVITY REPORT BY THE GENERAL SECRETARY

Bismillahir Rahmanir Raheem

Good day and warm greetings to all respected members, colleagues, associates, and distinguished guests present at the 18th Annual General Meeting of the Bangladesh Ceramic Manufacturers and Exporters Association (BCMEA). I sincerely thank you all for honoring this meeting with your presence. I would also like to express my heartfelt appreciation to the President of BCMEA, Mr. Moynul Islam for delivering such an inspiring and insightful welcome address.

It is a privilege for me to present a summary of the notable activities and achievements of BCMEA over the past year. I will also briefly highlight the audited accounts, providing a clear and concise overview of the Association's current financial position.

Dear Esteemed Members, here is some overall activities report I am presenting to all:

BCMEA Activities

CERAMIC EXPO BANGLADESH 2025

From **Local** *Clay* To **Global Stage**

Bangladesh's ceramic industry has evolved from modest import substitution into a thriving manufacturing hub. More than 70 factories now produce tableware, tiles, sanitary ware, and ceramic bricks that meet global standards.

The domestic market is worth Tk 8,000 crore annually, while exports to over 50 countries bring in nearly Tk 500 crore. In the past decade, production capacity and investment have surged 150%, fuelled by rising demand, sharper design, and steady technological upgrades. With cumulative investment topping Tk 18,000 crore and nearly 500,000 jobs created, ceramics have become a cornerstone of the nation's industrial growth.

Moynul Islam
President, BCMEA

Ceramic Expo Bangladesh 2025

Amid this momentum, Ceramic Expo Bangladesh 2025 showcased strength and ambition. Organised by the Bangladesh Ceramic Manufacturers and Exporters Association (BCMEA), the fourth edition ran from November 27–30 at the International Convention City Bashundhara, Dhaka.

The international exhibition brought together manufacturers, exporters, machinery and raw material suppliers, technology providers, and industry stakeholders.

It drew strong local and international participation, hosting 300 exhibitors from more than 25 countries, including Bangladesh, China, India, Italy, Spain, Turkey, UAE, USA, Japan, South Korea, and Vietnam. Registrations topped 28,000, with visitors spanning architects, engineers, dealers, buyers, researchers, students, and officials.

How the Expo Unfolded

The BCMEA announced the much-anticipated 2025 edition of the Ceramic Expo at a press conference on November 23 at the Dhaka Reporters Unity.

BCMEA President Moynul Islam and Fair Organizing Committee Chairman Irfan Uddin outlined key features—500 international delegates, three seminars, a job fair, B2B and B2C meetings, live demonstrations, spot orders, raffle draws, and new product launches.

The briefing was attended by Senior Vice Presidents Md Mamunur Rashid FCMA and Abdul Hakim (Sumon), Vice President Rasheed Mymunul Islam, and Director Mohd Ziaul Hoque Zico.

Irfan Uddin
Chairman, Fair Organizing Committee

Syed Ali Abdullah Jami, director (sales & marketing) of Sheltech Ceramics Ltd., the principal sponsor of this year's expo, joined the press meet alongside top officials of the three platinum sponsors: Didarul Alam Khan, head of marketing at DBL Ceramics Ltd.; Md Ashraf Haque, general manager (sales) at Akij Ceramics Ltd.; and Shahjada Yasir Arafat Shuvo, manager (brand) of Meghna Ceramic Industries Ltd.

On November 27, Commerce Adviser Sk Bashir Uddin inaugurated the fair as the chief guest at a ceremony presided over by the BCMEA president.

Sk Bashir Uddin
Commerce Adviser

In his keynote, the adviser praised the industry's move toward global competitiveness, urging advanced technologies, steady energy supply, and reaffirming government support.

Export Promotion Bureau (EPB) Vice Chairman Mohammad Hasan Arif also attended the opening ceremony along with the top leaders of the BCMEA.

Days Full of Activities

Every day of this year's Ceramic Expo Bangladesh offered something new and innovative for visitors and industry professionals. Fresh B2B and B2C meetings unfolded across the venue, while seminars and discussions addressed pressing issues critical to resolving long-standing challenges.

After the inauguration of the expo, Commerce Adviser Sk Bashir Uddin, BCMEA President and Italian Ambassador to Bangladesh Antonio Alessandro along with top industry leaders toured the pavilions of the Ceramic Expo Bangladesh 2025. ACIMAC's Project Manager Antonella Tantillo and Commercial Director of SACMI Imola S.C. Fabio Ferrari also visited the stalls.

SEMINAR ONE

The first seminar on “Energy Efficiency Strategies for Industry in Bangladesh: Challenges and Opportunities”, Engr. Toufiq Rahman, keynote speaker and assistant director of the Sustainable and Renewable Energy Development Authority (SREDA), reported national progress toward a 20% reduction in energy intensity by 2030, with 15% already achieved.

Md Mamunur Rashid FCMA, senior vice president of BCMEA and additional managing director of X Ceramics Ltd; SM Monirul Islam, deputy CEO and CFO of IDCOL; and Md Imam Uddin Sheikh, general manager (production & marketing) of Petrobangla, shared their thoughts.

Additional insights came from Tanvir Ebne Bashir, unit head of IDCOL, on flexible financing; Matheendra De Zoysa, COO of Omera LPG, on emissions concerns; and Babor Hossain, consultant of Khadim Ceramics.

SEMINAR TWO

The second seminar, held on the third day of the expo on “Global Market Strategies: Challenges and Opportunities for Ceramic Products”, featured keynote speaker Dr. Aditi Shams, associate professor of International Business at the University of Dhaka, who delivered a data-driven analysis.

Dr. Mohammad Monirul Islam, associate professor at the University of Dhaka; Dr. Amir Ahmed, associate professor and head of Real Estate at Daffodil International University; M. Mamunur Rashid, CEO of Artisan Ceramics Ltd; and Baby Rani Karmakar, director general of the Export Promotion Bureau, also spoke at the event.

SEMINAR THREE

On the third day of the expo, the most important seminar, “Skills Development for Sustainable Growth in the Ceramics Industry”, chaired by BCMEA President Moynul Islam, also vice chairman of Monno Ceramic Industries Ltd, brought together policymakers, development partners, and industry experts.

Hari Pada Das, TVET institutional strengthening expert; Mina Masud Uzzaman, member for coordination and assessment and joint secretary of the National Skills Development Authority (NSDA); ANM Tanjel Ahsan, programme officer at the ILO; Dr. Nazneen Kawshar Chowdhury, executive chairman (secretary) of the NSDA; and Abul Khair Md Akkas Ali, director general (additional secretary) of the Directorate of Technical Education (DTE), shed light on different aspects of sustainable growth in the programme.

CERAMIC BANGLADESH MAGAZINE BOOTH

The Ceramic Bangladesh Magazine booth was a highlight of Ceramic Expo Bangladesh 2025. Displaying all 17 past issue covers, it showcased the magazine's evolution and role in chronicling the nation's ceramic journey. Its clean, photo-friendly design made it a hub for discussions, ideas, and new writer sign-ups. A key moment was the televised appearance of Irfan Uddin, BCMEA general secretary and editor-in-chief of the magazine, whose insights received strong appreciation.

DAILY RAFFLE DRAW

Through raffle draws, 10 gifts were distributed daily, totalling 40 prizes over four days. Prizes included laptops, televisions, ovens, induction cookers, grinders, mobile phones, rice cookers, dinner sets, accommodation vouchers, and buffet vouchers.

JOB FAIR

The job fair was one of the most impactful segments. Leading ceramic companies, professionals, students, and job seekers participated, bridging industry needs with talent. Over 300 CVs were submitted, with 3,000 stall engagements across four days.

DEALERS' NIGHT

Held on November 28 at ICCB Hall 5, Dealers' Night gathered 300 dealers and sales professionals. Remarks came from Abdul Hakim (Sumon), senior vice president of BCMEA, followed by a presidential address from the BCMEA president.

Speeches by Mohammad Shahiduzzaman Raj of DBL Ceramics, Bishwajit Paul of Akij Ceramics, Iftakhar Alam of Fresh Ceramics, and Syed Mohsin Hossain of Sheltech Ceramics highlighted market trends.

A raffle offered prizes including a motorcycle, air conditioner, refrigerator, television, mobile phone, and accommodation vouchers. The evening closed with a vote of thanks by BCMEA Senior Vice President Md Mamunur Rashid FCMA, plus entertainment by Abu Hena Roni and Tasnim Anika.

EXHIBITORS' NIGHT

At the expo, Chief Operating Officer of Meghna Ceramic Ind. Ltd. AKM Ziaul Islam was honoured with the Lifetime Achievement Award for his contribution to the sector. BCMEA Executive Secretary Zahedi Hassan Chowdhury was honoured with the Silver Jubilee Award for 25 years of leadership, contribution and passion that shaped the sector. Foreign Adviser Md. Touhid Hossain handed over the awards during the expo.

On November 29 at Radisson Blu Dhaka, Exhibitors' Night hosted 600 guests. Addresses were delivered by the BCMEA president and general secretary, Marco Guan, DMD of HLT | DLT Ceramic Machinery (co-host), and Chief Guest Md. Touhid Hossain, foreign affairs adviser. The evening featured acrobatic dance, music, and awards.

50 **ASIAN CERAMICS 50 FORUM**
BOOSTING BANGLADESH CHINA INDUSTRY SYNERGY

The Asian Ceramics Technology 50 Forum, jointly organized by BCMEA and Foshan Unicermatics Expo, served as a premier platform to strengthen Bangladesh-China industry synergy, bringing together leading ceramic manufacturers, technology experts, investors, and policymakers. As part of a week-long program, BCMEA organized a day-long seminar sessions on 19 July 2025 titled the Asian Ceramics Technology 50 Forum, held at Hotel Amari, Dhaka. The forum brought together ceramic industry leaders from Bangladesh and China to discuss technological innovation, production efficiency, investment opportunities, and strengthened cross-border cooperation. Mr. Irfan Uddin, General Secretary of BCMEA, welcomed the delegates, emphasizing knowledge-sharing, sustainable growth, and industry modernization. Chief Guest Mr. Md. Mamunur Rashid FCMA, Acting President of BCMEA, highlighted Bangladesh's investor-friendly policies, joint venture prospects, and technology transfer initiatives, positioning the country as a dynamic hub for global ceramics investment.

SESSION HIGHLIGHTS:

QUALITY, EFFICIENCY, & TECH INNOVATIONS

The first technical session titled "Product Quality and Production Efficiency" was chaired by Mr. Mohd Ziaul Hoque Zico, Director of BCMEA and Deputy Managing Director & CEO of Hua Thai Ceramics Industries Ltd. Engr. Sadat H. Talukder, Consultant of Ceramic Sector, and Mr. Luo Fei, Ceramic Equipment Technology Expert from Foshan Unicermics Development Co. Ltd., served as resource persons, while Mr. Saidur Rahman Khan, Director (Operations), Akij Ceramics Ltd., and Ms. Yang Shuilan, General Manager of Foshan Lang Kun Electromechanical Equipment Co. Ltd., participated as discussants. The session addressed challenges in quality enhancement, cost control, raw material inefficiencies, and skills gaps, emphasizing advanced kiln technology, automation, AI-based inspection, and productivity improvement to strengthen industry competitiveness.

SESSION HIGHLIGHTS:

COST REDUCTION, EFFICIENCY, & TILE PERFORMANCE OPTIMIZATION

The second session, "Cost Reduction, Efficiency Improvement, and Tile Performance Optimization," was chaired by Mr. Mahin Bin Mazher, Advisor to BCMEA and Managing Director of X Ceramic Group. Mr. Mohammad Bayazed Bashar CBO, DBL Ceramics Ltd. And Co. Ltd. And Mr. Liu Zhanjie Technology Expert, Foshan Unicermics Development Co. Ltd. presented strategies on cost reduction, raw material alternatives, zero-waste initiatives, cogeneration, and tile

performance optimization. Discussants Mr. A.K.M. Ziaul Islam, COO, Meghna Ceramic Industries Ltd. and Mr. Sun Bowen Sales Manager, Zibo Huayan Industrial Ceramics Co. Ltd. highlighted operational efficiency, environmental responsibility, and high-strength ceramic roller production. The session emphasized Bangladesh's growth potential, global market expansion, and sustainable, cost-effective ceramic manufacturing practices.

SESSION HIGHLIGHTS:

INVESTMENT OPPORTUNITIES & ECONOMIC GROWTH IN BANGLADESH

The third and the last session, "Investment Opportunities in Bangladesh," was chaired by Dr. Md. Anwar Ullah FCMA, former Secretary to the Government of Bangladesh. Mr. Md. Mominul Haque, Vice President of LankaBangla Investments PLC, highlighted Bangladesh's stabilizing economy, projected 2025 GDP growth of 3.8-3.97%, easing inflation, rising foreign reserves, and a \$3 billion current account surplus. Discussants Mr. Muhammad Nazrul Islam MD & CEO Sandhani Life Finance Ltd., Mr. Li Xinliang General Manager, Foshan Uniceramics, and Ms. Joanna Sun Regional Manager, Tangshan Hexiang Intelligent Technology Co. Ltd. emphasized high investor potential, attractive capital market returns, and turnkey expertise in sanitary ware projects with global patent leadership, underscoring Bangladesh as a growing investment destination.

FACTORY VISITS TO EXPLORE INVESTMENT POTENTIAL

HOSTED BY **BCMEA**

In addition to the seminar sessions, BCMEA facilitated exclusive factory visits for the Chinese delegation, comprising over 30 senior representatives from leading ceramic raw material and machinery companies. The delegation toured Akij Ceramics Ltd., DBL Ceramics Ltd., and Meghna Ceramic Industries Ltd. in Mymensingh, Gazipur, and Narayanganj, gaining first-hand insight into state-of-the-art production processes, operational excellence, and growth potential. These visits provided a strategic platform for understanding industry needs, identifying investment opportunities, and fostering long-term collaboration, reinforcing Bangladesh's position as a promising destination for innovation-driven partnerships in the ceramics sector.

◆ **Forging the Future: Skills and Innovation in Ceramics:**

In 2025, Ceramic ISC made remarkable progress in transforming the ceramic sector through skills development, innovation, and strategic collaboration. By organizing specialized training programs, Enterprise-Based Training sessions, workshops, and high-level industry engagements, the council empowered youth, upskilled workers, and promoted best practices across the sector. Strategic partnerships, including MoUs with NSDA and the ASSET Project, strengthened the council's role in bridging industry needs with workforce readiness.

With the expansion of Ceramic Skills Training Institute (CSTI) and STPs, Ceramic ISC is set to build a future-ready, highly skilled, and globally competitive ceramic industry in Bangladesh, ensuring sustainable growth, employment, and innovation for years to come.

Activity Report of Ceramic Bangladesh Magazine

Ceramic Bangladesh Magazine, published by BCMEA, is a bi-monthly magazine (February, April, June, August, October, December) in Bangladesh focused on the ceramic industry, architecture, real estate, construction, building materials, interior design, innovation, and culture from home and abroad.

Beginning in February 2026 (the 20th issue), the magazine will carry forward the name Shaping Bangladesh Magazine to broaden its reach, reflect the contributions of industry leaders across disciplines, and highlight young professionals shaping the nation's future. The magazine distributes 5,000+ copies per issue to highly valued and influential professionals within and outside the sector.

Led by Editor-in-Chief Mr. Irfan Uddin, Editor (Digital) Mr. Anwar Haq, and Editor (Print) Mr. Khondoker Md Shoyeb, the magazine boasts a talented team of writers, reporters, copy editors, designers, and photographers. Its print and digital platforms provide excellent opportunities for brands to maximize exposure and promote their offerings to a highly valued and influential audience.

Since 2019, 19 issues have been published up to December 2025. The magazine has featured many notable projects in architecture, interior design, real estate, and the ceramic industry. Here I present all the key information on Ceramic Bangladesh Magazine over the years.

Global Reach of the Magazine

Ceramic Bangladesh Magazine has been consistently working to expand its global reach through physical and digital copies. So far, the publication has reached subscribers in India, China, Thailand, Malaysia, Vietnam, Japan, the Middle East, Egypt, Turkey, the UK, Italy, Germany, the USA, Canada, and Australia.

The magazine copies has been distributed at different international events outside Bangladesh. Some of the international events include Ceramics CHINA, Indian Ceramics Asia, TECNA, ASEAN Ceramics, and Foshan Uniceramics Expo.

The latest Ceramic Expo Bangladesh 2025 further expanded the magazine's global reach, as around 80% of the fair's participants were foreign companies. The BCMEA team now plans to attend the Ambiente fair, the world's largest trade fair, which will be held from February 6-10 this year. **(Turn to Page-246)**

Events Synopsis

Ceramic Bangladesh Magazine has organised many local and international events, each of which was immensely successful in creating a stir among Bangladeshi and foreign companies and readers.

1. Ceramic Expo Bangladesh 2025 was the latest international event organised solely by BCMEA, held from November 27–30, 2025. At the exhibition, the stall dedicated to Ceramic Bangladesh Magazine ensured fruitful engagement with visitors, architects, developers, builders, and lifestyle enthusiasts. There was a footfall of 28,000+ visitors, a total of 135 exhibitors (Local – 28, Foreign – 107), 10+ international event partners, and more, enhancing collaboration and connectivity with the magazine. The expo issue (18th edition of the magazine) was distributed at the event. **(Turn to Page-245)**
2. Ceramic Bangladesh Magazine, in partnership with Archiconnect, proudly hosted an evening celebrating Ar. Marina Tabassum — the only Bangladeshi and two-time winner of the Aga Khan Award for Architecture. The event took place on November 8, 2025 at the Renaissance Dhaka Gulshan Hotel. It was a landmark moment for Ceramic Bangladesh Magazine, as it honoured Bangladesh's architectural community, inspiring innovation, creativity, and celebrating the Award legacy. Over 120 renowned architects and 50+ industry leaders from different sectors were present. **(Turn to Page-242)**
3. Ceramic Bangladesh Magazine organised the event “Shaping Bangladesh: Designing Tomorrow, Building Today” on January 30, 2025 to celebrate the 5th anniversary of the magazine at the Sheraton Hotel in Dhaka. The event focused on Bangladesh's architecture, construction, real estate, and ceramic industries, embracing sustainability, innovation, and resilience. It saw a gathering of 500+ architects, engineers, and industry leaders from different sectors.

The chief guest was Commerce Adviser Mr. Sk Bashir Uddin. Special Guest Maj Gen Dr. Md Siddiqur Rahman Sarker (Retd), Chairman of RAJUK; Engr. Mohammad Reazul Islam (Rezu), President of IEB; and Guest of Honour Engr. Md. Nurul Islam, Chief Engineer of RAJUK, were present at the event. The keynote speakers were Ar. Professor Rafiq Azam and Ar. Professor Dr. Abu Sayeed M Ahmed. The event brought together experts to discuss the evolving landscape of architecture, engineering, and sustainable building materials. **(Turn to Page-237)**
4. To celebrate World Architecture Day, a seminar series titled “Architectural Trendsetters of Bangladesh”, organised by Archiconnect and co-organised by Ceramic Bangladesh Magazine, was held on October 7, 2024. The discussions focused on urban design and the practices of urbanism in Bangladesh.

The seminar was chaired by Ar. Jalal Ahmed. On behalf of CBM, Chief Advisor Mr. Moynul Islam and Chief Editor Mr. Irfan Uddin presented their valuable notes at the event. The renowned guest speakers were Ar. Khondaker Hasibul Kabir, Ar. Tanzil Shafique, Ar. Efadul Huq, and Ar. Iftekhar Uddin Ahmed.

Future Goals

To fulfill its renewed plan of widening reach, the magazine will increase its frequency and become a monthly publication starting in mid-2026.

In addition, new segments will be introduced to tell stories from every part of society and the country. Some of the latest segments include ‘Made in Bangladesh’, ‘Manufacturer’s Diary’, ‘Global Architects’, and ‘From the CEO’s Desk’. More new segments are planned for upcoming editions.

Ensure continuous gas supply, remove SD for ceramics BCMEA urges interim government

Daily Sun Report, Dhaka

The Bangladesh Ceramic Manufacturers and Exporters Association (BCMEA) has called on the interim government to ensure an uninterrupted gas supply and withdraw the supplementary duty (SD) on ceramic products.

"Gas manufacturing costs went up to around 30% from 2%–4% in the last 10 years. Multiple challenges including gas crisis and its price hike, SD higher operational costs named ceramics for industry right now," BCMEA Acting F. Muzammel Islam remarked at a press conference.

BCMEA Adviser Mir Nasir Hossain, Secretary Md. Mansur Rashid, Vice President Md. Munirul Islam, and Director Md. Muzammel Islam were also present in the program.

...ies Ltd, informed. He explained that industrial zones located in Mirpur, Savar, Rupganj, Kashimpur, and other key areas are experiencing a severe drop in gas pressure—from the required 1 PSI to as low as 0.5 PSI. This has led to a significant impact on the ceramic sector, which requires a consistent gas supply for production.
